

INCOMPLETE INDEX TO ILLUSTRATIONS

The Globe Issues 1 – 50

Janet Shultz, Colleen Downs, Christina Gruzewski, Estelle Canning, Judith Scurfield, John Cain, Brendan Whyte, Dorothy Prescott, Joanna McLachlan, Gregory Eccleston

The Globe is the journal of the Australian Map Circle Inc; issues 1-18 were published under the imprint of the association's previous name, the Australian Map Curators' Circle.

During the compilation of the general index of *The Globe* issues 1-50, the illustrations included within approximately half these issues were also indexed. The intention was to index illustrations in all issues and include the illustrations index as a separate index in the same publication as the general index. Unfortunately, time and resources did not permit completion of the illustrations index.

This *Incomplete Index to Illustrations, The Globe Issues 1-50* is made available "as is" online in PDF format. It includes illustrations from *The Globe* issues 15, 18-27, 29-38, 41 and 46.
